Please join us for a presentation for our annual December Forum. The board members of the Redwood Safety Association are committed to bringing you quality safety training during our monthly meetings. Our group has had over 100 different safety health, ergonomic and HR – related topics since July 2007. At least once a year, we try to hold an open meeting such as this for members and attendees to share with each other some of the topics and speakers they would like to see us pursue.
